

In Person Expectations

Appropriate Clothing

In this season, most of our in-person meetings happen outside in exposed areas. Children are invited to dress in clothing that is comfortable outside. Typical “church clothes” are not required and may not allow children to sit and move comfortably in the areas where we meet.

Masks

All children should wear a mask to in-person events. We work to set up our areas in such a way that masks can be removed once everyone has arrived, but masks are required as we move into our locations. In most cases, this means that we’ve created circles where families can sit and still be 6 feet from other families.

Social Distancing

Children and parents are asked to please keep 6 feet of distance from other families to help avoid the spread of COVID-19.

Parent Roles

Unless specifically stated, no event is a “drop off event.” One or more parent should plan to attend with their child to help support social distancing measures and help with completion of activities. We will clearly communicate when this is no longer needed as conditions continue to improve.
